

## Naturaceutical Skincare

# Moisturizing & Rejuvenating Super Serum

Fusing modern Naturaceutical technology and traditional herbal secrets with a combination of Hyaluronan, Aloe Vera, Natural Beautifier from the seabed of the Antarctic, Algae from Klamath Lake and Natural Skin Protective Factor (NSPF), **Truebeauty Moisturing & Rejuvenating Super Serum** provides comprehensive and unique long-lasting properties for skin vital functions, offering age-defying results. It is specially designed for reducing wrinkles and fine lines, restoring skin complexion. Skin becomes softer, smoother and younger looking.

Cosmetic research shows that the skincare functions of the key ingredients in **Truebeauty Super Moisturizing & Protective Serum** include:

- Long-lasting moisturization
- Scavenges Free radicals (Anti-oxidant)
- Skin rejuvenation by stimulating the formation of collagen I, IV and elastin
- Nourishment and correction of dry/damaged skin
- Protects against matrix-degrading proteases
- Strengthens skin cohesion, reducing wrinkles
- Reduces the appearance of fine lines.
- Prevents damage from reactive oxygen species
